

COMMIT transparent

Given the fact that we are sponsored by Dutch tax payers' money, it is important to be *transparent*. Please note that no relations are forbidden upfront of any kind, we just want to be transparent such that it is clear that no one will have unfair advantage due to the decisions taken in COMMIT.

To that end, please record for all WPs in you project, who has personal interests in more than one partner in the work packages he or she is working in.

The data will be published on the COMMIT website.
